INGREDIENTS

BOTANICALS

- Juniper
- Grapefruit Peel
- Mt. Hood Hops
- Aromatic Barley Malt
- Coriander Seed
- Chamomile
- Orris Root

BASE SPIRIT

Bimini Gin uses a neutral base spirit made from non-GMO American corn and distilled four times for exceptional purity.

WATER

Originating in the White Mountains of New Hampshire, the water in Bimini Gin comes from the Saco River which flows past the distillery to the Atlantic Ocean.

PROCESS

The botanicals are separated into groups. Each group is milled, macerated for 2-4 days, and distilled separately. The Maine-made Trident Still uses a packed column with a dephlegmator. Bimini Gin gets cloudy when chilled or diluted due to its high essential oil content.

ENDLESS SUMMER

Inspired by bright sunshine, warm breezes, and sparkling waves, Bimini Gin is the taste of summer vacation all year round.

TASTING NOTES

- Juniper-forward without “pine tree” flavor
- Supporting botanicals inspired by a New England IPA

“Bright, bold and bracing, this opens with flavors of juniper, mint and fennel. Lemon verbena and grapefruit zest add interest to the midpalate and extend into a long, palate-coating finish that sizzles with white peppercorn heat.”

- Kara Newman, *Wine Enthusiast*

Set firmly within the American style of gin, Bimini offers an aroma of fresh grapefruit and light floral qualities up front, with earthy malt and coriander notes in the background. Its rich mouthfeel helps the notes of peppery baking spices, cooling chamomile and verdant hops to linger on the palate, while its high proof makes it ideal for mixing in cocktails.

DISTILLERY

Founded in 2015 by Darren Case and Kristina Hansen, Round Turn Distilling is located on the coast of Maine in a 150 year old textile mill in the city of Biddeford.

BIMINI?

The Bimini name was inspired by Ernest Hemingway's novel “Islands in the Stream” set in the 1930s on the island of Bimini in the Bahamas. The main character drinks gin with coconut water, lime, and angostura bitters while relaxing in the shade on his boat.
